**SUBMISSION OF COURTESY COPIES**

A Notice of Allowance and a Notice of Allowability for this application were mailed on June 3, 2003. Applicants timely paid the issue fee and submitted formal drawings on August 26, 2003. No patent has issued. According to Examiner Scheiner, the delay in issuing a patent results from the absence of certain papers filed April 10, 1998, including an Information Disclosure Statement and the accompanying references, from the U.S. Patent and Trademark Office ("the Office") file for this application.

Applicants now submit courtesy copies of the papers filed April 10, 1998, including: (1) an Amendment Under 37 C.F.R. § 1.115; (2) a copy of Figure 2 (Exhibit 1); (3) a comparison of sequences (Exhibit 2); (4) a Supplemental Information Disclosure Statement; (5) a PTO-1449 Form; (6) copies of eight references; (7) a copy of a Canadian Office Action date-stamped October 21, 1997; and (8) a Petition for

Extension of Time. Also enclosed is a date-stamped postcard showing that these papers were received by the Office on April 10, 1998.

Applicants respectfully request that these papers be placed in the Office's file for this application, that the Examiner return an initialed copy of the PTO 1449 Form to their representative, and that this application proceed to issue as a patent.

Please grant any extensions of time required to enter this response and charge any additional required fees to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
